xThe office is working on a new Community Engagement EDI program partnership. This will be a three year project pilot, supported by UVic President Kevin Hall. The objectives of the work are to facilitate and support good practices and conversation both on campus and in the community; host EDI events; expand beyond Victoria and to include the South Island; work with regional partners; establish community

relationships and create tools and resources.

The team will be approaching key community groups through this work and would like to connect with CALO on the opportunity

Update on Cedar Hill Corner Property

The university completed a property management review for the site. There was immense support from faculty, researchers and staff for increased use of this area of campus to support athletics, teaching, research and reconciliation. The review recommended that the site support temporary uses which contribute to the university's academic mission. Until the university is ready to develop in this area of campus, temporary uses at Cedar Hill Corner will be managed to support Uvic's academic mission.
