

Summer 2024 Internship Opportunity

TITLE

The central questions explored by this project are: What are community visions for building food independence across Haida Gwaii? How can different community members and institutions work together to support our collective goals? How can Haida Gwaii build stable and sustainable food independence in the context of accelerating global crises?

This project will involve synthesis and analysis of existing data collected for the All-Islands Food Strategy, as well as the collection of new data through community engagement. This will help advance the Food Strategy Committee's goals of inspiring and informing future food prov ty()10(.74(bl)5(e)-ing
