

Faculty of Human and Social Development

Staff Recognition Program

Terms of Reference 2024

Objective

The Faculty of Human and Social Development would like to recognize administrative support staff (CUPE and PEA) who went above and beyond their job descriptions, who made our days brighter, and who inspired us in their day-to-day work.

This is a strengths-based, non-competitive initiative designed to advance our HSD strategic priority in the area of fostering a healthy and inclusive culture. It is meant to increase our sense of community, recognize and create opportunities for staff, and celebrate the excellence and diversity of contributions of staff members in HSD. We also hope it can contribute to shoring up our collective resilience to thrive in a challenging environment.

Eligibility

All HSD administrative support staff (CUPE and PEA), regardless of their employment status or start date, can be nominated by HSD staff colleagues, faculty members, students and directors.

A person may be nominated only once a year.

There is no limit to the number of nominations.

Process

Nominations will be solicited in January and May of each year by a notice distributed to all HSD staff, faculty, and directors.
