

“March winds and April showers
m

My main area of research is the evaluation of health information systems. Presenting at European conferences and writing papers has kept me pretty busy in the last year!

James Haggerstone ('98) has moved to a new and expanded role at the Prince George corporate offices of the Northern Health Authority.

The travelling bug seems to have hit a lot of people this winter. *Serena Birk* ('02) is working at Teekay Shipping in Vancouver full-time and just got back from a 4 week trip to India along with short visits to Singapore and Japan. Dr. *Pat Coward* spent Christmas in Australia and *Neelam Sandhu* spent 28 days in India over 2 weeks.

GRADUATE STUDENTS

PhD candidate *Yuri Kagolovsky* was the first recipient of the new Michael Miller Scholarship. At the selection committee's request, Yuri's essay is printed below:

STUDENTS

Mike Cleghorn is in Europe for his second work term. He spent a few days in Amsterdam where he took a boat tour of the Amsterdam canals, visited the Van Gogh Museum, toured the Heineken Brewery and celebrated New Years Eve. He has now settled in to his home for the next four months in Munster, Germany, where he will be working at the

Terry Huston from the Faculty of Business is teaching the new HINF 430 course.

Research seminars are again
underway e
