

# MASTER OF PUBLIC HEALTH

## ADMISSION & APPLICATION GUIDELINES

### FOR SEPTEMBER 2024 ENTRY

School of Public Health and Social Policy

# Admission Requirements

---

To be eligible to apply you must:

- 1) Have an undergraduate degree with a minimum B+ (6.0) average (77-79%) in the last two years (30 units or 60 credits) leading to the undergraduate degree.

Applicants who have degrees from outside Canada should consult the list of [minimums from other countries](#) to determine if their GPA meets this requirement.

- 2) Have completed an undergraduate statistics course and achieved a minimum grade of B within 10 years of the program entry date.

*NOTE: you may apply and be provisionally accepted into the program on the condition that you complete an undergraduate statistics course.*

Other courses may also be acceptable. If you have a course in mind, please email [phsp@uvic.ca](mailto:phsp@uvic.ca) the syllabus to review whether it is acceptable or not. We are generally looking for a course second year or above that covers the theory and application of statistical methodology: descriptive statistics, probability, hypothesis testing and confidence intervals, two-sample t-test, correlation and regression, bivariate analysis, chi-square test, analysis of variance, and parametric and nonparametric statistics.

### Applications are evaluated on the following criteria:

- 1) Grade point average
- 2) Assessment reports / references
- 3) Statement of intent
- 4) Professional & volunteer experience and community service

## Required Documents

---

- 4) Describe how it would relate past experience, future goals and career plans
- 5) Intention to undertake full or part time study

4) Pay the [application fee](#) within your application -
