

Students are responsible for their own registration. Registration time tickets are distributed by the Registrar's Office to admitted students' preferred email addresses. You should register at your allotted time to ensure that you can access all required courses. More information about registration can be found in the [MSWI Program Guide](#). In June, you will be asked to register for *both* September and January terms. The School of Social Work is not responsible for students who have missed their registration times or who are unable to access all required courses because of delayed registration. The most up-to-date program flow is available [here](#).

- Students are required to complete 15 units to obtain their MSW degree (this includes both thesis and course-based completion options).

one course per term

two or more courses per term

All new students register in SOCW 521 and SOCW 523 in the fall term. These two courses have on-campus intensive time attached. Please see the link above for the on-campus intensive dates. On-
