

assignments online. If you have any questions, please email me. The assignments can be written any time before 10am on the day it is due (unless otherwise stated). For exact due dates see the *Syllabus* below. If you miss the homework assignment you will be able to view the answers online after the due date as long as you have opened the assignment before the due time. Please note that it will be very difficult to do well in this course if you do not attempt most of the homework.

Course Material on CourseSpaces:

I will put my lecture overheads, homework assignments, practice tests, solutions to selected homework problems, and any handouts given in class on CourseSpaces. I will also use our class CourseSpaces site to post grades. If you do not have consistent access to the internet then please come talk to me and I will make a paper copy of the abovementioned available in the library.

When you need help:

There are a number of different ways to receive assistance with any problems that you have with the material:

i) Practice Questions on CourseSpaces – Practice assignments with detailed explanations for the answers are available on our CourseSpaces site.

ii) Drop-in hours – Most weekdays, 1 – 3pm, CLE B315. Full schedule will be posted on CourseSpaces

iii) Office hours – Mondays, Wednesdays, Fridays 1-2:30pm, CLE B311

Please feel free to come by my office during office hours to discuss any difficulties with the course material or homework problems. Most of the difficulties that student's have with logic can be cleared up quite easily. I encourage you to work and study with your classmates; they can be a great resource. If you cannot attend the scheduled office hours then please email me and we will make other arrangements.

When you miss a test or assignment:

Since I will be counting only the top 10 of 15 assignment grades, there is no need to contact me unless your illness causes you to miss more than five assignments. Late assignments are not accepted.

If you miss a test, and have a legitimate, documented excuse (e.g. doctor's note, letter from an academic advisor) then email me as soon as possible. You will be given an opportunity to write an alternative test.
