Discussion forum:

I would like us to utilize the discussion forum in this class. If you have any questions about forum.

some of your peers in the class will be as well. By posting your question, you can help out your peers, who might have the same question, and help your TAs, who just have to answer the question once on the forum instead of responding to multiple emails asking the same question. Your TAs will monitor the forum in order to answer questions. But if you know the answer to a question, please feel free to respond. Treat the discussion forum as a collegial space, where we can all ask questions of and learn from each other.
