The results of the Coasts Under Stress project include numerous presentations to policy-makers and scholars, seven books, and hundreds of other publications. For more information, visit www.coastunderstress.ca.

Coasts Under Stress was funded by the Social Sciences and Humanities Research Council and the Natural Science and Engineering Research Council, with additional funding from participating universities and partners in government, business, non-governmental organizations and First Nations groups.

Social conflict and decay [doi:10.1017/S0022216X07003918](https://doi.org/10.1017/S0022216X07003918)
