

Post-doctoral researcher in aquatic ecology

A postdoctoral position is available to a person with a PhD in aquatic ecology or a related field. The position is for a period of 2 years, starting in September 2023. The successful candidate will be responsible for conducting research in the area of aquatic ecology, and for supervising and training graduate students. The position is full-time and requires a minimum of 5 years of postdoctoral research experience. The salary is \$45,000 per year. The position is located in the Department of Biology, University of Toronto. For more information, please contact the Department of Biology, University of Toronto, 277 King Street West, Toronto, Ontario M5S 1A5. Email: biology@utoronto.ca. Website: <http://www.biology.utoronto.ca>.
