

The UVRA EA Programming Committee met on June 7, 2019 under the Chairmanship of Jane Birbeck. Members of the committee are Jane Birbeck,

would be re-scheduled starting in October 2020 pending approval by UVic and lecture theatre availability. Clearly there is significant uncertainty surrounding implementing this plan and the committee is prepared to react once guidance details become known.

I wish to extend heartfelt thanks to all committee members for their hard work and dedication for making Elder Academy such a success and to UVRA for their ongoing support. On behalf of the committee I wish to thank all the speakers who have given of their time and talents voluntarily. In particular, I would like to acknowledge the hard work and dedication of Lou Schmidt who toils relentlessly in administration and contributes significantly to the success of the program with energy and ideas. I would also like to acknowledge the contributions made by the Institute for Integrated Energy Systems (IESVic), both faculty members and administrative staff, in making the February and March series "Living Without Oil" a success. Their involvement enabled the video-recording of the lectures and posting of the videos on the community website. Greg Mulligan (EPHE) is also acknowledged for generously assisting in posting the PowerPoint slides used in many of the presentations to the community website.

We have been advised that making the videos and slides available in this way serves as a useful teaching aid.

Respectfully Submitted:

A handwritten signature in black ink, appearing to read 'John Gunton', is written over a horizontal line. The signature is stylized and somewhat cursive.

John Gunton,
Chairman
