

University Club Annual Report

Since his appointment as General Manager last summer, Jeff Hanson has rapidly changed the variety and scope of the morning coffee and available pastries have been attracting walkers, bridge and pool players, bird watchers and caffeine lovers; classic Victorian afternoon teas are very popular (like their prices); and Emeritus Mondays offer a 2-course dinner menu and a glass of wine for seniors at special prices.

The Club board voted to increase dues in the fall of 2022 for retirees to \$15, along with equivalent increases to other memberships, in order to enable the Club to attract a full staff. in a very competitive job market. Free, one-year membership for those who were not members previously is still available.
