

**MICROBIOLOGY 303 - IMMUNOLOGY
COURSE OUTLINE - Fall 2014**

Instructor: Dr. Terry W. Pearson
Office: Petch 250
Phone: 721-7080
Email: parasite@uvic.ca

Textbook: **Not Required** but useful as reference source:

**Immunology (a short course) Sixth Edition
Richard Coico and Geoffrey Sunshine
Wiley-Blackwell**

(Any undergrad immunology textbook will do as a reference source)

Part I INTRODUCTION TO THE IMMUNE SYSTEM (the players)

Chapter 1 Overview of the Immune System
Chapter 2 Elements of Innate and Acquired Immunity

Assessment of Student Performance

Marking of short answer and longer answer exam questions on material presented in the course and assignment of a numerical mark to each question.

Evaluation of the Exams and Weighting

Midterm exam (Monday, October 20)	40%
Final exam (2 hours; covers entire year)	60%

5. Scan sheets for multiple choice exams (bubble sheets) will not be made available for review. Therefore, in addition to filling in answers on the scan sheet, students should also circle their answers in ink on their exam.
6. Professors may refuse to review/remark exams not written in ink. In addition, requests for review/remark of a midterm exam must be made within one week of the exam being returned. Students are expected to promptly pick up midterm exams after marking has been completed, either in class or from the instructor.
7. Examination papers that have pages removed, or are mutilated will not be marked.

Course Experience Survey (CES)

I value your feedback on this course. Towards the end of term, as in all other courses at UVic, you will have the opportunity to complete an anonymous survey regarding your learning experience (CES). The survey is vital to providing feedback to me regarding the course and my teaching, as well as to help the department improve the overall program for students in the future. The survey is accessed via MyPage and can be done on your laptop, tablet, or mobile device. I will remind you and provide you with more detailed information nearer the time but please be thinking about this important activity during the course.
