Calendar

May courses end
June courses begin
Spring Convocation
May-June and June courses end
Reading Break, May-August sections only

Canada Day
July and July-August courses begin
Deadline to apply to graduate for fall convocation (all faculties)

July courses end
August courses begin
Supplemental and deferred examinations for Winter session
British Columbia Day
May-August examinations begin for all faculties
May-August examinations end for all faculties
July-August and August courses end

Signalling Pathways in Development, Disease and Aging.

The IUBMB unites biochemists and molecular biologists in 77 countries. Aims to promote research and education in biochemistry and molecular biology world-wide, especially in areas where the subject is still in its early development.

Registration and Accommodations: on-going
Abstract submission deadline: March 4, 2016
Abstract Notifications deadline: April 1, 2016
Early Registration deadline: April

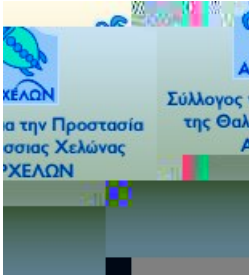

Internships

Our research is focused on the development of biological and ecological baselines, as well as long-term monitoring

If you have an event or story you would like to share in the Biology Newsletter, please e-mail: biology@uvic.ca or bioderk@uvic.ca

Exciting opportunity available for students or post graduates who are looking to gain some hands on experience in the field of marine science, conservation biology and ecology. Currently recruiting volunteers for 2016 & 2017. The White shark diving company is a fully licenced shark cage-diving tour operator recognised by South African Department of environmental Affairs, allowing us to undertake great shark cage diving activities and collect research monitoring data. We care greatly about the oceans and the fu-
