D

Labs This course includes **8** graded lab assignments and **1** graded Lab Exam. You will have space on our servers to complete assignments – only materials relating to 222 can be stored – no personal or private material allowed.

Examinations There will be one mid-term, a Lab exam, and a final examination.

Readings and Course Help

REQUIRED Textbook : An Introduction to Geographical Information Systems – Custom Edition – Ian Heywood, Sarah Cornelius and Steve Carver
This text has been custom designed for Geog222. Readings will be assigned weekly; Other online resources may also be posted. The textbook readings, posted readings, along with lecture material and lab materials, **will** constitute material that is **examinable**.
I will try to make available copies of the slides etc. before the beginning of class. These copies will be placed online on CourseSpaces (Please make sure that you have a UVic NETLINK ID to access these).

Electronic devices for use during exams are limited to non-graphing scientific calculators unless otherwise expressly permitted by the course instructor.
