## **Readings and Course Help**

I will try to make copies available of the slides etc. before the beginning of class. These copies will be placed online on CourseSpaces (Make sure that you have a UVic NETLINK ID to access these and the lab assignments). Note that these do not replace the in-class materials or materials.

Electronic devices for use during exams are limited to non-graphing scientific calculators unless otherwise expressly permitted by the course instructor.

## **Equipment Policy**

- 1. Survey instruments and equipment have been purchased specifically for the instruction of this course. Due to the delicate nature of the equipment and the minimal number of instruments for this purpose, the instruments will not be available for use in other Geography courses.
- 2. Survey instruments and other scientific equipment used in this course must not be used in or near salt water including beach areas below the high water

grade. Failure to complete an assignment (Labs) or exam (midterm, or final), without permission from the instructor, will result in an 'N' grade, which equals a Grade Point Value of 0). Exceptions will only be granted for medical reasons (requiring a written report from a medical practitioner as soon as possible
