**COURSE DESCRIPTION**

Welcome to Geography 218! The aim of this course is to provide an introduction to the fields of social and cultural geography. Over the course of the semester, we will examine the major themes of social and cultural geographical scholarship, with a particular focus on the interpretation of cultural landscapes, place-making, and the contested nature of social identities. The study of social and cultural geography entails more than simply exploring the “exotic” and “far-away” as cultural curiosities. Rather, it calls upon us to rethink the everyday spaces within which we construct our own geographical imaginations as well as how cultural practices intersect with the broader structures of social power. By focusing on the key concepts of “cultural landscape,” “social space,” and “sense of place,” human geographers explore how such spaces often become the site of social struggles over meaning, memory, identity, embodied practices, and the very formation of our geographical imaginations. In this class, we shall therefore explore the cultural politics of landscape and the spatial struggles over social space.

**COURSE OBJECTIVES**

- Provide a broad overview of the key concepts and approaches in social and cultural geography.
- Examine the contested politics of place-making as a social and cultural practice.
- Explore the relations between social identity and the production of geographical space.

Improve competency in interpreting scholarly literature in social and cultural geography and enhance research skills by writing an academic paper.

### **COURSE FORMAT**

The course format consists of lecture sessions during the regularly scheduled meeting time for this class (M/R, 1:00pm—2:20pm) as well as lab sessions that meet on different days depending on the course section number. For the most part, lab sessions will be held at two-week intervals, with the first lab meeting during Week 2 (see Course Schedule below for a full listing of the weeks that

## **COURSE ASSIGNMENTS**

### ***Midterm Exam (20%) and Final Exam (25%)***

The course will have a midterm exam and a final exam. Each exam will consist of a combination of multiple-choice and short essay questions. The final exam will be cumulative and held during the regular final exam period.

### ***Place-Making Research Paper (25%)***

In this class, we will be exploring how “places” are socially produced and performatively enacted through a variety of place-making practices. The making of “place” is often a highly contested process, especially when there are competing visions and claims over space. The aim of the Place-Making Research Paper is to provide the opportunity for each student to examine a particular case study of place-making from anywhere around the world.

**1. Introduction (approx. 1 page)**

*Introduce the goal and objectives of the paper in this short section.*

**2. Section that reviews academic geography literature on broad theme of relevance to your research topic (approx. 3 pages)**

*For instance, if you were to write a paper on a particular case study of a dispute over a street name in New York City, this section would review the geographic literature on the cultural politics of street naming more generally without getting into the details of the New York case study.*

**3. Section that examines the details of the case study topic itself drawing upon popular media sources and relevant academic literature (approx. 5 pages)**

*In this section, provide a descriptive account and critical analysis of the case study you have chosen to investigate drawing upon relevant media sources, etc.*

**4. Conclusion (approx. 1 page)**

*In this concluding section, provide a summary of your main arguments and discuss how your analysis of the case study contributes to the broader literature in social and cultural geography.*

For both in-text citations and your bibliography, please use the instructions on the following website to follow proper APA citation format:

<http://www.library.mun.ca/guides/howto/apa.php>

*Note:* all images, maps, photographs, etc., should be listed with appropriate reference numbers (e.g., Figure 1, Figure 2, etc.) in an appendix at the end of the paper, not within the text itself, although you should make direct reference to each figure in the body of the essay, by saying “(Figure 1),” etc., at the end of a sentence just as you would for in-text citations. Make sure to also include a “figure caption” that describes the content of each figure that is placed directly below the image.

- 5) The paper should be submitted at the start of class on Thursday, April 5. Please note that absolutely no late papers will be accepted. Exceptions will be made only if the student and course instructor have made special arrangements prior to the due date to accommodate any legitimate university-excused absences or for a medical emergency.

Lab Assignments (20%)

There will be a total of 6 labs over the course of the semester. Students will be evaluated based upon lab assignments. For further details, see the GEOG 218 Lab Manual, which is accessible on CourseSpaces. (*Note:* In order to get a passing grade in the course as a whole, each student must have a passing grade in the Lab component of the course, which consists of a combination of Lab Assignments and Lab Attendance/Participation).

### *Class Attendance (5%) & Lab Attendance/Participation (5%)*

Attendance will be taken during each lab session as well as periodically during lectures throughout the semester, so it is expected that students will attend lectures and labs on a regular basis. Each student will also be evaluated based on their level of active participation in group discussions.

### **OFFICE HOURS**

I strongly encourage you to come to my office hours. As the course instructor, my main goal is to help you learn, so if you have any questions about the material, or the class in general, you are more than welcome to come speak with me during office hours. If you are not available during that time, email me to set up an appointment.

### **EMAIL**

Send all email to me or your lab instructor using the email address listed on the first page of the syllabus or that provided by your lab instructor. Please include the course number (GEOG 218) in the email subject title. We will do our best to respond promptly to your questions. If you have a question concerning your course grade, please speak with your lab instructor during office hours rather than via email.

### **UVIC'S ACADEMIC INTEGRITY POLICY**

Academic integrity requires commitment to the values of honesty, trust, fairness, respect, and responsibility. It is expected that students, faculty members, and staff at the University of Victoria, as members of an intellectual community, will adhere to these ethical values in all activities related to learning, teaching, research, and service. Any action that contravenes this standard, including misrepresentation, falsification, or deception, undermines the intention and worth of scholarly work and violates the fundamental academic rights of members of our community. This policy is designed to ensure that the university's standards are upheld in a fair and transparent fashion (<http://web.uvic.ca/calendar2015-01/FACS/UnIn/UARe/PoAcI.html>).

### **PLAGIARISM**

All class assignments should be prepared by the student(s) submitting the assignment. Plagiarism, or any other form of academic dishonesty, will not be tolerated in this course. Plagiarism consists of: (a) submitting someone else's work as your own without the use of proper citation or (b) paraphrasing another's ideas without acknowledging the author's work through citation. The use

## **COURSE EXPERIENCE SURVEYS (CES)**

I value your feedback on this course. Towards the end of term, as in all other courses at UVic, you will have the opportunity to complete an anonymous survey regarding your learning experience (CES). The survey is vital to providing feedback to me regarding the course and my teaching, as well as to help the department improve the overall program for students in the future. The survey is accessed via MyPage and can be done on your laptop, tablet, or mobile device. I will remind you and provide you with more detailed information nearer the time but please be thinking about this important activity during the course.

## **UVIC POSITIVITY AND SAFETY STATEMENT**

The University of Victoria is committed to promoting, providing and protecting a positive and safe learning and working environment for all its members.
