POLICY ON LATE ASSIGNMENTS

Work submitted late will be accepted with a 5% daily penalty (including weekend days), up to seven days after the due date. If needed, you may submit your assignment during the weekend as a way to minimize late penalties. In case of an outstanding valid situation you must contact me, preferably in advance. I cannot consider a particular situation unless I know about it, so do not wait until the end of the term to communicate with me if something did come up. For health reasons, a doctor's certificate must be submitted. No extensions will be granted unless you have communicated with the instructor and your reasons have been deemed valid.

POLICY ON ATTENDANCE

Class will start on time. If you have to come into class late, please do so in the least disruptive manner possible. As a sign of respect to the instructor and the rest of the class, late arrivals are discouraged, as are early departures. Students are expected to do the assigned readings in advance and be prepared to participate in class discussions and in-class activities. Please note that participation does count towards your grade. The use of computers and other electronic devices in class should be limited to activities related to the course. Please turn cell phones off during class—ringers, earphones and texting are disruptive and unacceptable.

ACADEMIC INTEGRITY

It is every student's responsibility to be aware of the university's policies on academic integrity, including policies on cheating, plagiarism, unauthorized use of an editor, multiple submission, and aiding others to cheat.

The CAL staff is available by appointment to assess specific needs, provide referrals, and arrange appropriate accommodations.
