COURSE OUTLINE
GEOCACHING

Students will benefit from reviewing these learning resources prior to the start of the course.

---

LEARNING OUTCOMES

By the end of this course, students should be able to:
- Explain basic aspects of coordinate systems and datums;
- Discuss the history and development of satellite navigation;
- Manage and display personal GPS data using a variety of formats;
- Carry out essential functions of a handheld GPS (collecting waypoints, recording tracks, navigating to a position, etc.); and
- Participate in both the creation and consumption aspects of geocaching activities.

---

EVALUATION

[1] Final Exam                                              30%

B+          6
