

## List of Green Products

As the need for more sustainable laboratory products increases, the range of eco-friendly merchandise continues to expand. This list outlines alternative options to conventional laboratory products and equipment, highlighting the advantages they offer to both users and the environment.

WATER REDUCTION		
Product	Vendor	Benefit
	<a href="#">VWR</a>	Water reduction through recirculation

Water Bath Beads LabArmor

	<a href="#">VWR</a>	Eliminate the use of water aspirators
<a href="#">EZ-Fit® Filter Holder Manifolds</a>	<a href="#">EMD Millipore</a>	Eliminate the use of water aspirators
CO2 Incubator Reach-in Incubator with gVAPOR™ temperature control	Caron <a href="#">VWR</a>	gVAPOR™ - Delivering humidity vapor on an as-needed basis without wasting energy or heat
Air Condenser FINDENSER	Heidolph <a href="#">VWR</a>	Reduce water use in air condensing
<a href="#">1225 Sampling Manifold for smaller volumes</a>	<a href="#">EMD Millipore</a>	Simultaneously filter up to 12 samples

ENERGY EFFICIENCY		
Product	Manufacturer - Distributor	Benefit

Biosafety Cabinet Purifier Logic® Labconco [VWR](#)

<a href="#">Benchtop and Large Capacity Refrigeration on Demand</a>	Caron <a href="#">VWR</a>	Energy provided as needed without wasting energy producing heat
Efficient management of power and save electricity	h fuerbod bber	Intel -Sense™ Variable Speed Servers
LED lights for labs LabLink® LabLig	PG LifeLink <a href="#">VWR</a>	Energy rated components, efficient management of heat generated by LEDs, 50,000 hours LED service life
Local Area Vacuum Network	Lab Sery <a href="#">VWR</a>	Purpose built only on demand, conserving up to 90% of the energy that is needed
Vacu-Lan® by vacuubrand		

## List of Green Products

<b>ENERGY EFFICIENCY</b>		
<b>Product</b>	<b>Manufacturer - Distributor</b>	<b>Benefit</b>
		for central vacuum supply. High-performance vacuum removes the need for dedicated pumps.
Microtomes Cryostar™ NX70	Thermo Scientific VWR	Rapid response cooling system, precise temperature control and less energy consumption, utilizes low energy LED lighting

## List of Green Products

<b>HAZARDOUS WASTE MINIMIZATION</b>		
<b>Product</b>	<b>Vendor</b>	<b>Benefit</b>

---

## List of Green Products

<b>HAZARDOUS WASTE MINIMIZATION</b>		
<b>Product</b>	<b>Vendor</b>	<b>Benefit</b>
Spill Kit Supplies: <a href="#">Absorbent Mats</a> <a href="#">Spill Kits</a> <a href="#">DrainBlockers</a>	New Pig <a href="#">VWR</a>	Sustainable options for spill kits
Thermometers Liquid-in-glass, non-mercury	<a href="#">VWR</a>	Mercury-free thermometer, with non-toxic alternative
Total RNA Purification Kit Phenol-free Purification Kit	Amresco <a href="#">VWR</a>	Phenol Free
Vacuum Pumps LABOPORT®	KNF Neuberger <a href="#">VWR</a>	Oil-free
AQUACOUNTER® automatic Coulometric Karl Fischer Tirator	<a href="#">Hitachi High-Tech</a>	Safe chemical substitutions (less reagent and waste)

AquaMetric® Pyridine

## List of Green Products

SOLID WASTE REDUCTION		
Product	Vendor	Benefit
96-Well Microplates Half-Area Microplates	Greiner Bio-One <a href="#">VWR</a>	Uses less plastic
ART Racks for Filter Tips Reload System	Thermo Scientific <a href="#">VWR</a>	Uses less plastic
Automated Reagent Dispenser Multidrop™ Combi	Thermo Scientific <a href="#">VWR</a>
